IPA

Institute for Portfolio Alternatives

The Institute for Portfolio Alternatives (IPA) provides national leadership for the Portfolio Diversifying Investments (PDI) industry. We bring together the investment managers, broker-dealers, investment advisers and industry service professionals - new and established - who are dedicated to driving transparency and innovation in the marketplace. Through advocacy and industry-leading education, the IPA is committed to ensuring all investors have access to real assets and the opportunity to effectively balance their investment portfolios. The IPA seeks to raise awareness of PDI products among stakeholders and market participants, including: investment advisers, public policymakers and the investing public. We support increased access to investment strategies with low correlation to the equity markets.
