Industry-Leading Providers of Innovative Third-Party Due Diligence Solutions

FIRM OVERVIEW

The due diligence process can be more challenging for alternative investments than traditional asset classes due to the characteristics of private offerings, including the complexity of certain alternative investment strategies. Since 2002, Mick Law PC has provided first-class due diligence and analysis on the bevy of alternative investments available to family offices. The firm provides our clients with individualized legal opinions, as well as customized due diligence solutions on the financial and structural aspects of numerous offerings with an additional focus on project and fund structure, financing, valuation and exit analysis. Comprised of attorneys, petroleum engineers and real estate underwriters, our team's due diligence processes and service focus areas include, among others:

- Independent Underwriting
- Operational Review and Analysis
- Investor-Centric Restructure of Legal Documents
- Investment Fund Terms and Liquidity Analysis
- Onsite Visits
- Financial Statements Review and Analysis
- Prior Performance Validation
- Comprehensive Background Searches
- Regulatory Compliance
- Risk Factors and Conflicts of Interest Evaluation

THE UNDERWRITING DIFFERENCE

Unlike other third-party due diligence providers, in addition to the firm's securities attorneys, Mick Law PC employs a team of highly skilled real estate underwriters and geologic and energy consultants that utilize multiple national informational market databases to provide current and accurate program analysis and projections. Through our experience and refined underwriting processes, we have the ability to identify trends on a macro level, as well as within real estate submarkets and localized oil and gas drilling locations. Mick Law PC's team also includes business valuation experts that utilize a wide variety of valuation methods and techniques to provide accurate underlying company valuations.
